The News—No pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure—is and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by all dealers.

### STAMPING GROUND.

We regret to learn that Mrs. Julia Seebree, wife of Mr. T. L. Seebree, is very low.

Mr. John Tilford is quite sick just now.

Mrs. Hattie Perry has as a guest

THE WELD  
THAT HELD

Science has developed something infinitely better than the old-style wrap or clamp.

## "PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A WRAP holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT; examine the joint.

STAYS CANNOT SLIP. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

### Every Rod is Guaranteed Perfect.

Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, its tires were welded by electricity.

You will find electrically welded hoops on ice cream freezers and washing machines, on many tubs and buckets. Examine them. "PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

MR. FARMER: LISTEN, NOW. Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this:

That the wires are not injured at the joints.  
That the fence is perfectly adjustable to uneven ground.  
That the stays will not separate from the strands.  
That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.

### BIG OTIS AGAIN IN TROUBLE.

Otis Evans went to the coal office of Mr. R. A. Brawner, frightened Miss Alice Brawner, the clerk, so that she ran out as he came in. There was \$12 in the cash drawer when Miss Brawner left Evans in the room. When she returned the money and Evans were missing.

Evans had just been given two hours in which to leave town by Judge Herndon, for drunken and disorderly conduct.

Up to the hour we write Evans had not been arrested.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the tortuous limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. I can now surely kill the pains and pangs of a deplorable disease.

In Germany—with a Chemist in the City of Rmstadt—I found the last ingredient was made perfected, dependable prescription. Without it last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore dreaded disease. Those sand-like granular stones, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as easily as does sugar when added to pure water. And then, when dissolved, these poisonous wastes easily pass from the system, and the cause of rheumatism is gone forever. There is now no need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Jamestown Exposition Fund is growing very short. Mr. Geo. L. Payne, the treasurer, has laid before the people the needs of the exposition, the amount apportioned to this county, and the fact that the responses have not been up to expectation so far.

While it is true that it is a shame that there was no State appropriation for that purpose, it would be equally a shame if Franklin county's part is not raised.

### SAVED HER SON'S LIFE.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppes. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice, I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and \$1.00. Trial bottle free.

### LECTURE ON WHITE PLAGUE.

Dr. J. N. McCormack, Secretary of the State Board of Health, will deliver a lecture on "Things People Should Know About Doctors"—with especial reference to tuberculosis, at the First Baptist Church, on Wednesday, March 28.

The lecture will be free and is delivered at the request of the Franklin County Medical Association.

### FRANKLIN COUNTY FAIR IS A GO.

That there will be an old-fashioned county fair held here this year seems to be an assured fact.

Arrangements have been made with the Traction Co. whereby Glenwood Park has been secured and all the necessary improvements will be made.

Our older citizens well remember what attractive and successful fairs were held here a number of years ago, and there is no reason why we should not have even better ones than they were, for the facilities are now far better.
